

LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION
MANDATORY LANGUAGE - TIER III

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

UPPER LEON RIVER MWD has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether our drinking water meets health standards. During January – June 2021 we did not complete all monitoring or testing for Water Quality Parameters and therefore cannot be sure of the quality of your drinking water during that time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for Water Quality Parameters, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
<i>Water quality parameters – Distribution System</i>	<i>2 Samples per Quarter</i>	<i>2</i>	<i>January – June 2021</i>	<i>June 29, 2021</i>
<i>Water quality parameters – Entry Point to the Distribution System</i>	<i>1 Sample per Quarter</i>	<i>1</i>	<i>January – June 2021</i>	<i>June 29, 2021</i>

What is being done?

We are working to correct the problem. For more information, please contact Carroll Abbey at: **(254) 879-2258** or **2250 Highway 2861 Comanche, TX 76442**.

The appropriate number of samples were taken within the required sampling window; however, the external sampling laboratory submitted the results to the TCEQ outside of the 10-day submittal period.

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by Upper Leon River Municipal Water District. Public Water System Number: TX0470015
